110 CARBON TACTICAL LONG RANGE RIFLE

Durable Long-Range Accuracy

The 110 Carbon Tactical Long Range Rifle is a highly precise tool for shooters due to its carbon fibre wrapped stainless steel barrel. This design assures exceptional long-range accuracy. The rifle is customisable, featuring the AccuFit system and AccuTrigger for personalised fit and a secure, clean trigger pull. Durability is key in this model, with a stainless steel receiver offering longevity and resistance to harsh conditions. Despite its rugged construction, the rifle is also highly portable due to its lightweight carbon fibre

elements. Furthermore, its threaded muzzle is ready for a variety of devices or suppressors, helping to minimise recoil and noise.

- 22" Carbon Fibre Wrapped Stainless Steel Barrel
- Adjustable AccuTrigger
- Carbon Steel Receiver
- 1-piece 20 MOA rail

IMPULSE ELITE PRECISION RIFLE

Impeccable Accuracy

The Savage Arms Impulse Elite Bolt Action Centerfire Precision Rifle excels in performance due to its Hexlock bolt mechanism, ensuring unrivalled accuracy even under heavy recoil. The adjustable AccuFit stock and AccuTrigger provide a customised fit and trigger pull. The hard-anodised aluminium receiver and integrated Picatinny rail enhance mounting for optics, improving long-range accuracy. With a button-rifled barrel and user-friendly bolt release, the Impulse Elite offers excellent speed, reliability, and

precision, making it an ideal choice for shooters.

- 26" Stainless steel barrel
- MDT 1-piece Aluminium ACC Chassis

B-SERIES PRECISION RIMFIRE RIFLES

Rimfire Rifles in a Class of Their Own

The B Series Precision rifles are built to take full advantage of rimfire rounds. From .17 HMR and .22 LR to the punch of .22 WMR, they deliver exceptional performance. And now the B Series Precision has opened up new possibilities for rimfire. With a Modular Driven Technologies (MDT) chassis and heavy threaded barrels, the B Series Precision rifles are in a class of their own.

The B Series Precision Lite versions are upgraded with a carbon fibre wrap for optimum balance and heat dissipation. The carbon fibre heavy barrel profile and aluminium stock allow for a perfectly centre-balanced rimfire rifle.

- 18" Carbon Wrapped Barrel or Heavy Threaded Barrel
- 10 round Detachable Magazine
- Adjustable AccuTrigger
- 1 Piece Picatinny rail
- MDT Pistol Grip

B-Series available in .17 HMR, .22 LR and .22 WMR
